

TODAY'S RACING DIGEST: Aqueduct Park – March 12, 2015

www.todaysracingdigest.com

Dear Digest Readers,

For those of you who might have missed it, we are producing Digests for every track in the country. You can buy the Data Lines for every race from Assiniboia Downs to Zia Park. And, we do complete Digests for the major meetings: Saratoga, Gulfstream Park, Belmont, Aqueduct, Keeneland and Churchill Downs. We've added the Monmouth summer meeting, too. All of these editions are available for download and we continue to publish hard copy for Southern and Northern California.

If you are in Las Vegas and aren't getting the Digest delivered to your race book, contact your race book manager and ask for them to begin carrying the Digest for you.

Our goal is to help you make informed betting decisions on a daily basis and strive to offer a handicapping lesson in every issue.

Today's Racing Digest FAQ

What is Today's Racing Digest? For over 40 years Today's Racing Digest has specialized in California racing, producing handicapping information in both a Southern and Northern California issue in print and on-line at www.todaysracingdigest.com. Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

What makes Today's Racing Digest different from other racing publications? The Digest offers many features that cannot be found in other horseracing publications. Features such as track bias, Pace Ratings, which measure early speed, and a "paper race" called the Fractional Charting which compares each horse in today's race based on a representative past performance. A page dedicated entirely to workout analysis has always been a popular feature, along with "Hot & Cold" trainer reports, a Claim Box report for owners and trainers, and our Better-Than-Looked List, which highlights horses exiting troubled or exceptional performances.

What are Data Lines? A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

Does the Digest offer performance ratings or speed figures? Today's Racing Digest prides itself in offering numerous performance figures for the handicapper. Pace and Final Time Ratings can be found at the end of each Data Line and are the most popular. The Pace Rating measures early speed, while the Final Time Rating assigns a figure for the final time. The Digest also offers the CPR (Comprehensive Performance Rating) and FIRE Number, ratings which take into account each time recorded in the race and put it all together in one number. Noted handicapper/writer Tim Osterman also contributes the Fast Figs, which are a speed and class figure all in one.

Where can I find a copy of Today's Racing Digest? Today's Racing Digest can be purchased at every major track in California, as well as major satellite facilities. The Digest is also sold at selected retail outlets throughout the state, and is usually available 24 hours before first post. For a location nearest you or for the number of your local distributor, please call (760) 603-8800. The Digest, along with a stable full of simulcast handicapping information, can also be purchased on-line at www.todaysracingdigest.com. On our website you can purchase all issues of Today's Racing Digest for tracks across the country at a discount in price and selections from our stable of handicappers. There are also numerous "free" areas, such as the Daily Money Plays, Feature Races, and Week In Review, which provides commentary on all the previous week's races. Give it a look. We think you'll like what you see.

AQUEDUCT FRACTIONAL TIME COMPARISONS

Today's Racing Digest

Shown below is the order of finish that would be likely if each horse repeated a representative race. There are many reasons why this may not happen. Foremost of these is that, like humans, horses have good and bad days. Also, today's race may differ from the representative race due to changes in the post position, weight carried, class, track, surface, pace characteristics etc. Nevertheless, plotting and studying times from previous performances is a basic part of handicapping. If the representative race was not on a normal track, the times shown have been adjusted by the track variant applicable. The underlined fractions indicate the leader(s) at that particular point in the race. Except for the LF = Last Fraction, which indicates the fastest closer(s). X = No recent or available time at or about the distance. The date of the selected, representative race is shown followed by a number indicating how many races back it was.

	Leg 4 – Alice And Trixie, Ferzetti, Delightful Erin

Horses to Bet Against are entrants that, for various handicapping reasons, have been determined to be vulnerable at short odds.

Betting Strategies are provided for races that have been deemed exceptional wagering opportunities by the handicapper. Therefore, not all races will include a Betting Strategy.

RACE APPRAISAL

ANALYSIS: Stage Name was claimed out of her 9th vs. similar sprinters Feb 1. She has finished in the Trifecta in all four dirt routes, she would top the charting off either of her last two and maybe she can make amends with a clean break. **Name** is the HF 15a. **Bay Dawn** was a distant 4th vs. NW2L \$16,000 routers at Parx Feb 21. She plots close off that one, though, and maybe she will make an impact with the return to this level.

Keen On Green set the pace and held 3rd in a like event March 1. There doesn't seem to be a lot of pace signed up today and maybe she will get brave vs. this group.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Gingee :31.3 - Stage Name :31.6 - Keen On Green and Sharpendwitty :32.1

RATING PERFORMANCE

A horse's performance can be rated in any number of methods, from final time to pace. The Digest offers four performance ratings: The FIRE number, our newest rating, the Pace and Final Time Ratings, found in each horse's Data Lines; and the CPR, our original performance figure. For all of these ratings, the higher the rating, the faster the horse is. Here's a quick rundown on what each rating figure means:

FIRE: The FIRE number is a figure based on a horse's speed through the whole race. This number is based on a 100 par, where our other figures are based off a 150 par.

CPR: The CPR is based on a horse's final time rating, as well as his relative early position in the race. The CPR, with its pace Component built in, tends to favor horses with a good mix of speed and stamina. If, a frontrunner and pace-presser were to deadheat for the win, the pace-presser would likely earn the better figure. And, since pace-pressers tend to win more than their fair share locally, this bias works well in California.

PACE RATING: The pace rating measures early speed by comparing each horse's early fractions against our track pars. This is a good separator when judging the likely pace of a race.

FINAL TIME RATING: This measures a horse's final time against our track pars, with the daily track variant factored in. A horse equalling the track par for the distance would earn a 150 Final Time Rating. Three points are deducted for each length slower than par.

RACE APPRAISAL

ANALYSIS: Bridgetta returned to sprinting and just held for the win vs. this kind Feb 5. She was claimed by Levine that day, she plots close and Franco takes the call. Bridgetta may prove tough to beat right back as the HF 15a. Keep Bustin drops out of the NY-bred NW2 Optional Claiming ranks and charts well off her March 23, 2014 effort. She makes her third start off the bench and she should enjoy the move in with claimers only. The mare seems to give the Levine barn a solid 1-2 punch. Wise Awake is a win-machine, but she has had trouble in both of her

starts at this meet. She was eased in the slop Jan 18 and she leapt at the break Feb 8. The jump up to this level suggests she is doing well and J. Ortiz sticks with her. Run A Dubb Dubb rallied for 3rd in that Feb 5 affair. She was 2nd in her previous start at this level Dec 15 and we'll give her exotics consideration. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Wise Awake :24.2 - Keep Bustin :25.3 - Run A Dubb Dubb :25.5

FIRE NUMBER – FIRE stands for Final Race Equation and it's a true velocity rating that accounts for a horse's speed during the 'entire' race, not just his final time. We developed the FIRE number with every tool available to us. The projected FIRE number for each horse can be found in the top section of each race under the column headed FIRE NUM. This is the figure to which the horse is projected to run TODAY! Additionally, we print up to 10 FIRE numbers for each horse in the Data Lines (beginning with the horse's most recent race - look for **LAST 10 FIRE**). First-time starters and foreign horses will be marked with an 'X'; lightly-raced horses who seem better than the FIRE number would suggest will get a '?', read this last symbol as 'capable of improvement'.

RACE APPRAISAL

ANALYSIS: Star Of The Forest was up close throughout in her win vs. this kind Feb 22. She tops the charting, she seems to fire every time out and Rose strings along. We'll take Forest right back as the HF 15a. Taylor Jagger tracked the pace and held 3rd in that Feb 22 affair. She beat this kind Jan 2 and Ortiz Jr. is back to ride. Another good effort could be on tap. C C's Pride was claimed out of her 5th vs. similar sprinters Jan 18. Her last win was routing Oct 11 and she owns three dirt route wins. Better seems possible on the stretchout.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Star Of The Forest :30.5 - Taylor Jagger :30.8 - Private Council and Spa Town Parade :31.9

UNDERSTANDING THE HF 2, 15, 15a and 20

The Handicapping Factors (HF's) 2, 15, 15a and 20 are used by our writers for selection purposes and each HF should be viewed a bit differently. The HF 2 is our strongest endorsement. A Digest writer will assign the HF 2 when he feels a horse is an absolute standout in a race. Usually the favorite, this horse will most often be below 2-to-1. HF 2's can be used as strong singles in the Pick-3 and Pick-6 or as 'keys' in the Exacta and Trifecta. (NOTE: A horse receiving an HF 2 will also automatically get an HF 15). A horse receiving an HF 15 is also considered a strong play and can be used in all exotics wagering. The HF 15a is a bit more complicated as this designation is the writer indicating he likes the horse's chances, but the race is competitive. In a wide-open race when the HF 15a is below 3-to-1, refer to the race analysis for the other contenders or the main threats on our Quick Picks Page. Often times one or two of these contenders will offer more value at the windows and thus represent a better play. Finally, the HF 20 is our longshot. HF 20's go to horses who might not be the most-likely winner, but have a chance and likely will be overlooked by the betting public. Including the HF 20 in the exotics can often lead to a 'Big Payoff'.

BEATEN LENGTHS

The beaten lengths shown in the data lines have been converted to decimal form. To help make them more understandable, here are our equivalents:

Nose = .05
Head = .10
Neck = .25

1/2 length = .50
3/4 length = .75

RACE APPRAISAL

ANALYSIS: El Grillo was up close throughout when 2nd only to be DQ'ed to 5th in start #2 in a like event Jan 15. His debut Jan 3 was a productive heat, Ortiz Jr. takes over and he shows five works since raced. He plots well and his early speed seems a plus. El Grillo is the HF 15a. G R's Giant was a troubled 5th (moved up to 4th via DQ) in that Jan 15 affair. That was off the claim by Baker, it was a good rebound off his 6th Dec 10 and he has worked six times since raced. Alvarado is in the boot and the gelding could be dangerous with clear sailing. Back Scatter needs to draw in, but he easily tops the charting off his 2nd vs. open \$40,000

Maiden-Claiming routers at Laurel Feb 13. Ortiz Jr. is named to ride and he should enjoy the drop in with NY-breds. We wouldn't go overboard, though, as he was 6th in his lone try at this level Nov 7. Plundering never got going in his debut vs. open \$50,000 Maiden-Claiming routers Feb 7. He shows four works since raced, he takes a big drop in class and he could move forward now that he has experience.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Back Scatter :25.4 - El Grillo and H Man :25.9

1: Party On **ET:** :24.4, :48.2 and 1:14.1 (Expected Times with a 0 variant)
2: Little T. Louie **AT:** :22.9, :46.2 and 1:10.5 (Average Times for mid-level races)
3: Sir Maurice **AFTL:** :23.5, :47.1 and 1:13.4 (Average Times for this level)

RACE APPRAISAL

ANALYSIS: Party On just missed vs. this kind Feb 21. He would top the charting off that one or his previous start when 2nd Jan 17. Carmouche got to know him last time out and his barn has been hot of late. Party On is the HF 15a. Frosty Pop Larry was 3/1 in his debut in that Feb 21 affair, but was a pace factor only Feb 21. Arroyo is willing to ride back and maybe he will benefit from the experience. Aprettysmoothguy is a 5-year-old rookie by a poor win-early sire and he is related to one non-

winner. However, Ortiz Jr. is in the boot and his barn can fire first time out. He seems to rate a look vs. this group. Devilish Grin is the first foal out of his synthetic winning dam. His barn has been hot of late, but they are not known for firing first time out. It may be safe to watch one.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Party On :25.3 - Little T. Louie :26.2 - Sir Maurice :26.4

RACE APPRAISAL

ANALYSIS: Darn That Trip has won four of her last six starts including vs. \$16,000 Starter foes at Parx Jan 13. She easily tops the charting off that one, she has good early speed and she attracts Ortiz Jr. She is a 6-year-old, but has only raced once vs. this kind and she may prove too sharp for these. Trip is the HF 15a. Jazzminegem has burned plenty of money in her four starts at this level. The pace figures to be in her favor, though, and maybe the switch back to J. Ortiz will help. Kitty Ride led all the way in her debut vs. NY-bred \$40,000 Maiden-Claimers Dec 14. She plots well off that one and she has a right to move forward with a race under her belt. Her barn has been firing of late and she merits a look right

back. Edith was a comebacking second-timer winner vs. \$25,000 Maiden-Claimers at Tampa Bay Downs Jan 23. She charts close off that one and she also figures to be up close throughout. My Won Love has earned minor awards in her three starts vs. this kind and finished behind Gem in her last two. She seems to merit exotics consideration, but we'll try to beat her on the win end.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Regifting :24.3 - Saharan Serenade :25.6 - Darn That Trip and Moldavite :25.7

*** DIGEST POINTERS ***

Common Handicapping Factors (HF's) used in Today's Racing Digest

While picking winners is everybody's #1 goal, not everyone likes to spend the entire day pouring over a bunch of stats and figures that are about as easy to understand as a calculus exam. So, how exactly can you get a decent grasp of who the main contenders are in each race, and still have time to down a few refreshments and catch some rays? We here at Today's Racing Digest just may have the answer, as we identify both the contenders and the pretenders with what we refer to as Handicapping Factors. Listed below are the most common

HF's that you will find in the Digest, and if you have trouble finding where these figures are listed, just look up at the top of each race page and you'll locate them in Column 8, which appropriately enough is entitled 'Handicapping Factors'. Good luck, and if you win, just consider it dinner on us.

HF 2: This is a horse that we feel is about as close as you can get to a 'sure thing'. The price likely won't be great, but if you just want a winner, this is the number to look for.

HF 15: This number goes to horses that look like a winner, and are extremely likely to hit the board (i.e. run first, second or third). More often than not, horses with a 15 designation will earn you enough money for a hot dog, but if you happen to see a 15 attached to a horse that is 3/1 or better on the tote board, then he's a pretty good 'value' bet as well.

HF 15a: The most common of the Digest 'push' factors, this number basically means that the handicapper likes this horse, but not as much as an HF 2 or HF 15. Basically, the horse has a good chance to win, but please don't bet your rent money on the win end.

HF 20: The longshot play. This popular number designates a runner we feel may be ready for a winning effort at odds that are likely to be 6-1 or higher. It's not as high a percentage of a play as the other HF factors, but the reward more than justifies the risk when they win.

HF 19: We use this number to point out horses who should show improvement in today's race.

HF 21: Certain horses entered in a race may have run well under similar conditions. When you see a 21, that means the horse seems to fit well in that race.

 2: Cay To Pomeroy **AT:** :22.9, :46.2 and 1:10.5 (Average Times for mid-level races)

RACE APPRAISAL

ANALYSIS: Don Tito finished 7th vs. \$50,000 claimers Jan 22. He plunges in class today, but he co-tops the charting and makes his third start off the bench. There appears to be some pace to help set up his rally and we'll give **Tito** the HF 15a. **Glickman** finished 6th vs. NW2 Optional Claimers Dec 15. He also takes a huge drop in class, but he co-tops the charting and he figures to be a pace factor at the very least. **Cay To Pomeroy** popped and stopped vs. NY-bred \$20,000 stock Feb 5.

However, he beat this kind prior to that Dec 27 and he plots well. He worked fast March 8 and he could be a bounce back candidate. **Back Forty** enters this fresh and he attracts Ortiz Jr. He tends to sit in midpack early and he does own six dirt sprint wins. Tab the tote for clues as to his readiness. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Don Tito :24.6 - No More Strippers :24.8 - Mop Head :25.1

RACE APPRAISAL

ANALYSIS: Atlantic's Smile is quick from the blocks and she held for 2nd in a \$100k Stakes Feb 14. She was 2nd at this level Jan 29, she co-tops the charting and Franco takes over. The trainer starts are easy to like and she could prove tough to catch. 'Smile is the HF 15a. Frivolity is back from Laurel after her 2nd vs. \$40,000 Optional Claimers Jan 15. She beat this kind over this track Dec 26 and she is reunited with Rose. Mark her a contender. Pennymine won two straight prior to her 7th in that Feb

14 Stakes. Her wins earned competitive numbers and maybe she will show more this afternoon. Make The Moment was 3rd Feb 14 and 5th Jan 29. She co-tops the charting off that last race, but she seems more pretender than win contender. CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Make The Moment :24.1 - Frivolity :24.7 - Mississippyslewda and Jonata :24.8

UNDERSTANDING THE HF 2, 15, 15a and 20

The Handicapping Factors (HF's) 2,15,15a and 20 are used by our writers for selection purposes and each HF should be viewed a bit differently. The HF 2 is our strongest endorsement. A Digest writer will assign the HF 2 when he feels a horse is an absolute standout in a race. Usually the favorite, this horse will most often be below 2-to-1. HF 2's can be used as strong singles in the Pick-3 and Pick-6 or as 'keys' in the Exacta and Trifecta. (NOTE: A horse receiving an HF 2 will also automatically get an HF 15). A horse receiving an HF 15 is also considered a strong play and can be used in all exotics wagering. The HF 15a is a bit more complicated as this designation is the writer indicating he likes the horse's chances, but the race is competitive. In a wide-open race when the HF 15a is below 3-to-1, refer to the race analysis for the other contenders or the main threats on our Quick Picks Page. Often times one or two of these contenders will offer more value at the windows and thus represent a better play. Finally, the HF 20 is our longshot. HF 20's go to horses who might not be the most-likely winner, but have a chance and likely will be overlooked by the betting public. Including the HF 20 in the exotics can often lead to a 'Big Payoff'.

BEATEN LENGTHS

The beaten lengths shown in the data lines have been converted to decimal form. To help make them more understandable, here are our equivalents:

Nose = .05
 Head = .10
 Neck = .25

1/2 length = .50
 3/4 length = .75

RACE APPRAISAL

ANALYSIS: Alice And Trixie enters this fresh and drops to this level for the first time. She would top the charting off either of her last two sprints, her barn does well enough with comebacks and Alvarado is in the boot. Trixie is trouble-prone, but we'll still give her the HF 15a. Ferzetti has finished 5th in her last two starts both vs. higher-rated foes. She plots close off her Dec 4 effort and Franco tries his hand. She could be one to

favor late. Delightful Erin was favored in her first start at this level, but she popped and stopped after a troubled break Jan 15. She shows five works since raced, though, and Jara returns the call. Maybe she can make amends. CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Frosty Lover :25.2 - Ferzetti :25.3 - Alice And Trixie :26.1

RATING PERFORMANCE

A horse's performance can be rated in any number of methods, from final time to pace. The Digest offers four performance ratings: The FIRE number, our newest rating, the Pace and Final Time Ratings, found in each horse's Data Lines; and the CPR, our original performance figure. For all of these ratings, the higher the rating, the faster the horse is. Here's a quick rundown on what each rating figure means:

FIRE: The FIRE number is a figure based on a horse's speed through the whole race. This number is based on a 100 par, where our other figures are based off a 150 par.

CPR: The CPR is based on a horse's final time rating, as well as his relative early position in the race. The CPR, with its pace Component built in, tends to favor horses with a good mix of speed and stamina. If a frontrunner and pace-presser were to deadheat for the win, the pace-presser would likely earn the better figure. And, since pace-pressers tend to win more than their fair share locally, this bias works well in California.

PACE RATING: The pace rating measures early speed by comparing each horse's early fractions against our track pars. This is a good separator when judging the likely pace of a race.

FINAL TIME RATING: This measures a horse's final time against our track pars, with the daily track variant factored in. A horse equating the track par for the distance would earn a 150 Final Time Rating. Three points are deducted for each length slower than par.

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and, FBH indicates a Foreign-bred horse. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old is the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one is the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, FW=front wraps, 4W= four wraps,
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horse's last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times run by horses at today's particular class level.
29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances.
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3rd the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done sprinting or routing over today's surface. We also list the overall record on the surface whether it is sprints or routes.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board"). The "↑" indicates the horse was the post time favorite.
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track pars and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, pars and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).

RACE APPRAISAL

- 29 ANALYSIS:** All six of these plot within less than three lengths at the wire, and they appear about that hard to separate. Looking for a price, we have some interest in **Warrens Stormalert** as a potential improver. He was ambitiously placed in the Snow Chief Stakes April 25, his first as a winner and first route, and, though he faded toward the rear, the effort figures OK with these. Low-profile connections should prompt some decent odds, so he's the HF 20 (longshot).
- 30 CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Green Card James :31.0 - Benezit :31.3 - Troubletimesthree :31.

HORSE COMMENTS

- 31** **Troubletimesthree** has usually run pretty well in five starts at this level, but was favored in three of them and finished farther back than usual April 15. He charts in the hunt, but he seems to have a bit to prove.
NOTES: Outrun April 15. Mild rally March 18. Mild wide rally Feb 19. Lacked racing room entering the stretch Jan 25.
- Warrens Stormalert** is bred to route, but the April 25 jump up to the Snow Chief Stakes for his first try with winners and initial route was pretty ambitious. He tracked a Lone 'F' leader and faded badly. Still, the effort gives him a shot on paper, so he can't be denied a chance on the drop.
NOTES: Wide around the first turn, chased and tired April 25.
